Well, that  
only makes  
the hunt  
even more  
exciting...

She looks  
powerful.

There are  
relatively  
many Sigla  
capable of  
transforming  
individual  
parts of the  
body, but...

Judging  
from her  
appearance,  
several  
parts of her  
body were  
transformed

I'm at a disadvantage in close quarters!

For now, I'm heading back to Square One!

KUH IP

Now to  
finish  
you off  
using  
napalm  
....!!

Gotcha  
....!

I'm  
Ryuuji  
of the  
Sunset  
Ravens.

I'm here  
to assist  
her for  
various  
reasons.

Here  
we go...

Alright,  
I suppose  
we should  
promptly  
begin,  
then-

Well  
then...

And she's  
a water user,  
which you  
can consider a  
natural choice  
of someone  
like me, who  
is trained in  
chemistry!

She used  
water...  
so... low  
temperatures  
to stop the  
burning?

This is bad...!  
There's too  
many powerful  
Sail users  
here...!

I never  
expected  
the SR to  
come and  
rescue her  
...!

Holy  
shit...!

Those  
fellows...  
At  
the very  
least,  
I need  
to kill  
Suzune  
here...!

No, it's  
pointless...!  
She  
completely  
knows my  
identity...!

Should  
I just  
escape  
like  
this...?

That  
guy was  
wearing a  
gas mask  
too!

He  
must've  
caught  
wind  
about  
my Sigil  
...!

There's  
no helping  
it then...  
I didn't want  
to use this  
if I could,  
but...

She's  
going for a  
desperate  
attack at this  
distance?

I can snap the guy's neck like a dead branch!

With my muscle's limiter unbound for the absolute/limine stimulant.

Yet...

I've only prepared two more projectiles. I can't waste any more.

That man dodges well, doesn't he? You can tell that he's experienced in combat.

I'll definitely take you down in close combat!

Hey, hurry up and chase me into this forest...

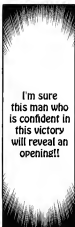

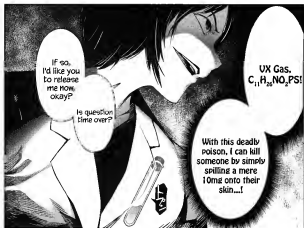

*I've surely  
surrendered  
and lost  
this D-  
Game,  
right...!?*

*Who...!  
You're  
just  
falsely  
accusing  
me...!*

*Your eyes  
aren't the eyes  
of a loser that's  
admitted defeat.  
Not a failed dog  
that's tucked  
its tail between  
its legs.*

*It's the  
eyes of a  
poisonous  
snake eyeing  
their prey.*

*I swear!  
I swear!*

*I've had  
enough of  
D-Game  
from this  
loss!*

*I'm going  
to cut my  
ties with  
this killing  
game!*

*I guess  
that's  
true...*

*Will  
you swear  
never to  
start up  
another  
D-Game?*

Bullshit

I swear  
upon  
my life-

Bullshit

Bullshit

I swear  
upon  
my con-  
science!

Bullshit

Bullshit

I swear

...Let's  
now get  
down to  
business.

As  
previously  
contacted,  
the reason  
I called you  
here today-

There have been rumours that people have been gradually leaving your association, right?

You've been seemingly pretty free lately, but... Aren't you suffering from poor business, like me?

Gosh, I'm impressed with Kaname-kun!

He completely changed the aspects of D-Game!

Even I can't make light of the Ravens' power.

Hahaha-

Nevertheless, it's rather difficult to eliminate Kaname-kun.

Well... it would be a different story if I could set up a situation where I was in a one-on-one with him, though...

Kaname-kun's whereabouts are unknown.

And... to begin with, the problem is...

They have the "Undefeated Queen" that oppressed all of Roppongi on her own, you know.

Really, don't you think that's enough to show their strength?

For the Shibuya area's oppression and preservation, it seems they have four other people acting in addition to Kaname-kun.

I've probed him to a certain extent already.

However, I'm unable to grasp his traces from before and after their fight with the fighters.

I don't know where he is, either...

As expected.

However...

Whether they may be staying in the SR headquarters...

or whether or not they may even be in the Kanto area in the first place...

There's—sorry, if you know where he is, I'd like you to tell me, if possible...

And, from  
the list of  
participating  
players...

*only Sudou  
Kaname-kun's  
name is listed  
among the  
Ravens'  
members.*

Before  
long, a new  
D-Game  
event will  
commence.

Could you  
elaborate?

With my  
privilege as a  
bookmaker,  
I'm able  
to obtain  
information  
beforehand  
on the next  
being held.

So you'll  
offer the  
circum-  
stances  
and I'll  
offer my  
strength.

I see. That  
sounds  
like a fair  
deal.

And, as a  
quest, I have  
the privilege  
to send in one  
player to the  
event...

Darwin's Game

game#34

To participate  
in an academic meeting in Tokyo.

Miss Anderson — Your  
occupation is a scholar, isn't it?

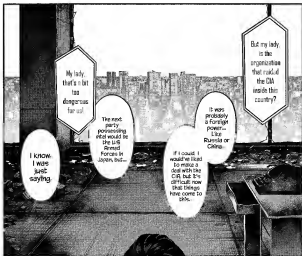

What's the purpose of  
your visit?

I know.  
I was  
just  
saying.

My lady,  
that's a bit  
too  
dangerous  
for us!

The next  
party  
possessing  
intel would be  
the J-5  
Armed  
Forces in  
Japan, but...

If I could, I  
would've liked  
to make a  
deal with the  
CIA, but it's  
difficult now  
that things  
have come to  
this...

It was  
probably  
a foreign  
power—  
Like  
Russia or  
China.

But my lady,  
is the  
organization  
that ruled  
the CIA  
inside this  
country?

Someone  
has  
crossed  
the  
Rubicon.

Every  
organization  
is coming to  
intervene in  
the D-Game.

At any  
rate,  
from  
here on  
out...

Reckless  
playtime  
is over  
for this  
Japanese  
youth-  
centric  
D-Game.

Being  
able to  
meet a  
subject  
of such  
talent at  
this age  
is,

albeit  
embarrassing  
to say, even  
exciting my  
old bones!

...So  
basically,  
Kaname-  
han

Is saying  
that he  
wants to  
form an  
alliance  
with us,  
the  
Saigou  
Family,  
right?

Osaka Area  
Saigou Family Clan

Clan Leader  
Saigou Takeshi

I seek a  
collaborative  
relationship  
centered on  
mutual non-  
aggression.

We aren't  
acquainted  
with the  
Kansai  
region.

doesn't  
E, Arisa?

That  
sounds  
like your  
next  
invasion  
target is  
the Kansai  
Region.

And  
there  
you  
have  
it.

Kaname-  
san, even  
though I've  
heard that  
you have  
power in  
Kanto,

if you  
believe  
that  
applies  
here  
too,  
then...

I think this  
is a fairly  
revolting  
discussion...

Brother,  
these Kanto  
thugs are  
underesti-  
mating us  
too much.

Saigou Family Clan  
Saigou Arisa

*you

your  
enemy's  
attacks*

*And like  
the flow

naturally  
avoids

and  
decisively  
strike that  
opening.

G U H I P

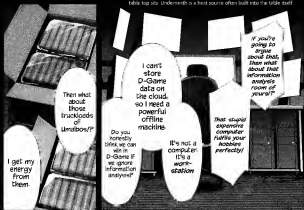

*Wikipedia: A kotatsu is a wooden table frame covered by a futon upon which a table top sits. Underneath is a heat source often built into the table itself.*

*Wikipedia: Umai-bō or "delicious stick" is a small, puffed, cylindrical corn snack from Japan.*

But say...  
Even if you're  
striving  
to clear  
D-Game,  
not knowing  
how to do so  
is a problem,  
ain't it?

I planned on  
using the  
privilege  
strictly as a  
deterrence  
though...

We're in a  
good spot  
just for  
nabbing  
that usable  
privilege.

Well...  
Can't do  
anything  
about  
that now.

I should've  
inquired  
with the  
GM back  
during the  
event,  
but...

Yeah...

Which  
means  
he's living  
off his  
wife,  
right?

Who... So  
even a  
part-timer  
with debt  
can get  
married,  
huh-?

Ahright.  
I got married.  
Everyone  
congratulate  
me.

That's because even for D-Game, just like this Sugoroku game, the existence of a goal is guaranteed.

Certainly, the condition for clearing D-Game remains unknown, but...

A GM's allusion towards clearing the game is in itself a massive hint.

"Hypothesis"? How reliable is it?

Moreover, I have my own hypothesis regarding the clear conditions.

I'd like to say it's a logical analytical result derived from my Laplace, but...

It's a conjecture based on D-Game's system layout and the trends I've seen up until now.

# Cumulative Points ...

1		A4	Xuelan	18,648 Pt
2		A4	Gyokuto Sakurai	
3		A4	Kanek	
4		A4	Shuka	14,855 Pt
5		A4	Inorin	492 Pt

Right now, our own clan's Xuelan-san, Rank 1,

and Shuka-san, Rank 5, are on the list, but both of them are Class A4.

I haven't heard of any A4 players appearing overseas, so...

Well, after all, these are the rankings for the Japanese server, so the status overseas is another story entirely, but...

Also, the first event held in D-Game happened straight after a Class A4 player appeared.

For the time being, Kaname-kun is powerful.

No doubt, we're managing to avoid a scene of carnage.

Well... I wonder...

What now, Brother?

Are you gonna ally with them?

What do you mean?

Then you wouldn't be slowly grinding individual fights and clan wars, right?

If clearing D-Game means you must climb to Class A1.

And, to some extent, what he said makes sense.

The Points you harvest from individual fights and clan wars is way too crappy.

The High rankers who can earn lots of Points constantly use Shelters, and we don't even have 30 R-Rankers in Japan to begin with.

The total Points you need to climb to Class A1 is 60,000, right?

Class	Points	Rank	Points	Rank	Points
A1	60,000	A1	10,000	A1	10,000
A2	50,000	A2	8,000	A2	8,000
A3	40,000	A3	6,000	A3	6,000
A4	30,000	A4	4,000	A4	4,000
A5	20,000	A5	2,000	A5	2,000
A6	10,000	A6	1,000	A6	1,000
A7	5,000	A7	500	A7	500
A8	2,000	A8	200	A8	200
A9	1,000	A9	100	A9	100
A10	500	A10	50	A10	50
A11	200	A11	20	A11	20
A12	100	A12	10	A12	10
A13	50	A13	5	A13	5
A14	20	A14	2	A14	2
A15	10	A15	1	A15	1

**WIN!!**  
You Got 120 Points!

In other words, we can only match up against B-Classers or below. But that means we get 120P from B-Classers, and only 30P from C-Classers.

At such a pace, I don't even know how many decades it'll take for us to get there.

There are no other methods but to nab an insane win in an event war.

If it comes to this, I suppose the only remaining means

is to somehow round up these few A Rankers and then take all of the Points they've saved up in one fell swoop.

Gathering Points in an event war remains realistic...

Having lots of friends helps with winning in the event...

They have to annihilate this monstrous set of A Rankers of whom they have no idea where they are.

Well... if he is...

then frankly, I wouldn't hate a fool like him.

Hmm...

Is that guy serious?

What's the matter?

It has arrived.  
Shining-san...

wonder whether  
or not it's  
my lucky  
day...?

Heh...

Hehe  
heheh...

It's a  
notice of  
the next  
D-Game  
event...

Anyway,  
I've been  
waiting...

It says it's a "Hunting Game".

As always, these only give you a bad premonition,

And, what is on the notice?

If all the other SR members will be participating as well, holding a meeting beforehand would be-

Unfortunately, I didn't receive an invitation, but...

At any rate, wouldn't you agree it is best to analyze the rules carefully and make careful preparations?

I'm confident today is September 25-

Shirring-san, what is today's date...?

Er, wait a sec...

イベント日時  
9/26(日) 0:00 開始

*It  
starts  
as soon  
as it turns  
September  
26...*

*Doesn't  
that mean  
this event  
starts in 30  
seconds  
...!?*

Karame-sama, since there's no time, I'll say one last thing.

I don't know what this "Hunting Game" is like,

but what matters most in a hunt is not your strength.

Those damn GMs! I'll definitely teach them a lesson some day...!

Shit...! Not more than 10 seconds!

You must sharpen your senses.

What matters is your ability to observe.

Knowing you  
Kaname-  
sama,  
you can  
definitely  
overcome  
this test.

*May the  
fortunes  
of war be  
with you.*

I'll bear  
that in  
mind!

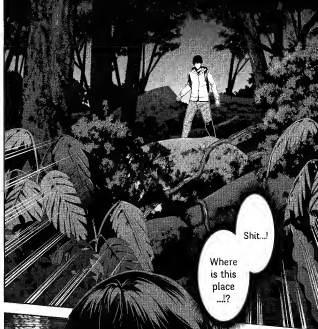

DAWIN'S GAME

Shit...!

Where  
is this  
place  
...!?

Those  
GMs...  
Just  
where  
the hell  
did they  
send me  
off to!?

Those  
cunts...  
doing as  
they please  
each and  
every time...

There isn't any imminent danger then...

There's no sign of any large animals nearby.

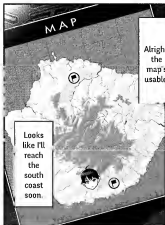

The sea's close by.

I can hear the sea roaring in the distance as well.

The smell of the salty sea breeze

Alright,  
the  
map's  
usable.

Looks  
like I'll  
reach  
the  
south  
coast  
soon.

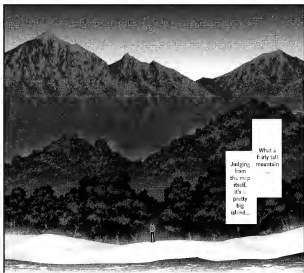

It's a  
relief  
that  
I don't  
need  
to worry  
about  
fretting  
to death  
but—

and the  
temper-  
ature's  
clearly  
high,  
as well

Vege-

I've  
never  
seen  
before...

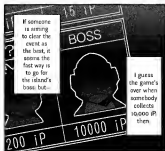

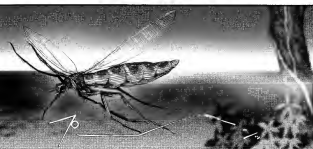

TS note: The labels are the same as last page.

Wha...!?

I forgot  
about that  
since I'm  
not used  
to the  
ocean...

I-I see...  
The tide  
rose!

It isn't  
out of the  
ordinary  
for there  
to be a  
reasonably  
high tide  
coming  
in..!

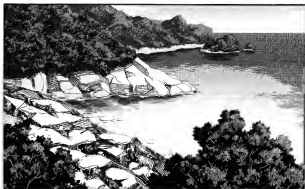

Come to  
think of it,  
the moon  
yesterday  
was rather  
bright..!

I guess  
I'm not  
accustomed  
to it since  
I don't  
have any  
practical  
experience  
..!

Damn  
it..!

I had  
the idea  
not to  
camp  
at the  
waterfront,  
yet...

Even my Sigil could probably handle stuff like this, but I guess my Sigil isn't infinite, huh?

binoculars,

a flashlight with a battery charger...

A metal match, a knife,

Shining-san truly understands me.

My Sigil's pretty weak in this field.

There's a dozen calorie bars and three litres of water.

Bandages, gauze, and antibiotics too...

**FIRST AID KIT**

If I don't do well, things might be complicated even longer...

It'll take at least a week...

No matter how I think about it, this isn't an event that'll end after today.

What a fairly small box...

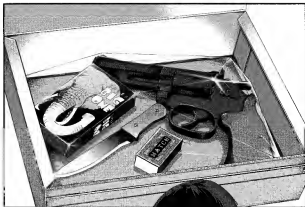

It would've been easy if I could obtain food and water through this so-called "Event-Only Shop", but...

The only thing that sounds close to it would be this survival kit, huh...?

Squid Water

There's plenty here, so let's share the Food and water!!

It's written here that comrades are to co-operate, yes?

Did you guys read the rules?

Hey hey, there's no such thing, you know!

It doesn't say "hand over every single thing", you know?

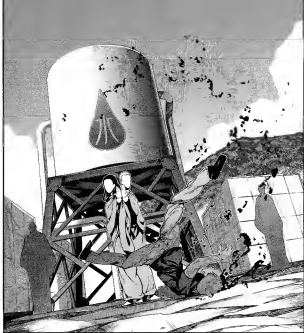

Pyah-

Yeah.

Well then,  
let's see  
the  
results  
of our  
trial.

My  
D-Game  
Points  
have  
increased  
by 221p.

but these  
"Life  
Significance  
Points"  
aren't  
increasing...

the one most  
communicated  
with by  
Kuchinawa-  
sama's spirit...

As  
expected  
of Seigen-  
sama,

Note: Kuchinawa-sama is a snake god

It's  
hopeless,  
Norie.

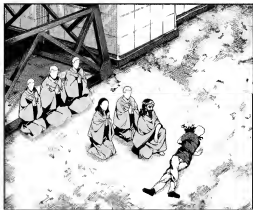

The 100 IP  
for the  
"Human"  
seem to  
have been  
offset by  
the  
penalty for  
comrade  
killing.

In other  
words,  
not only  
your clan  
members,  
but every  
participant  
in the event  
are treated  
as comrades  
as well...

It's as  
Seigen-  
sama  
predicted,  
isn't it...

I am the  
same as you.  
A vessel in  
training. The  
profound  
thoughts of  
the god  
"Kuchinawa-  
sama"  
cannot be  
measured or  
understood.

From here on,  
as Kuchinawa-  
sama's  
disciples,  
we shall lend  
a helping hand  
to the children  
who may lose  
their way...!

The two  
of you  
have  
performed  
splendidly  
and

...  
Haa  
...

It appears  
he too  
has safely  
departed  
to the  
footsteps of  
Kuchinawa-  
sama, hm?

I believe  
his spirit  
will attain  
endless  
happiness  
within  
Kuchinawa-  
sama.

**Yes...!  
Seigen-  
sama...!**

Just  
what'll I  
do from  
here on,  
for stuff  
like  
food...

Those  
guys are  
hogging  
the  
supplies  
...

Fuck.../  
Should  
I just  
kill him  
now...P

At this  
range,  
if I take a  
preemptive  
shot, even  
I could-

He's got quite the ability, as Rain's intel states.

"Seigen"...  
The A-Rank leader of the "Kuchinawa Assembly" clan.

I thought it would become another skirmish, but...

I guess he pressured him with his mind and drove him away.

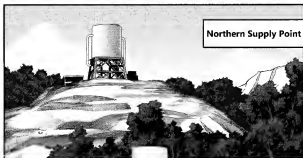

I guess getting involved with them would mean trouble, huh?

**All of the believers in the upper echelon are an odd group of people who possess the same Sigil, but...**

The "Kuchinawa Assembly" clan...

A shrine clan possessing 50 thousand believers, with its parent body being the new religion of the same name.

The Kanehira Insurance Association will always welcome you back, no matter how many times!

I'll be delighted if they once again return today!

Actually, for those who departed from my association once,

Kanehira-san...

In this state, the weak can't do anything besides die!

It's a clan system that rejects new entrants!

These fiscal powers are extremely unfair!

Everyone!

Don't you think Darwin's Game is wrong!?

I believe  
I feel  
anger and bewilder-  
ment  
towards  
it..

For this  
situation...  
where just  
about  
everyone  
here was  
suddenly  
dragged in,

Event  
wars are  
particularly  
cruel..

Yet,  
event  
wars  
are  
not  
all  
bad.

Winners  
of event  
wars are  
bestowed  
with  
privileges  
and large  
sums of  
Points...

Gulp...

Privileges

I'm no more  
than an  
ordinary  
man  
who was  
incidentally  
bestowed  
with a  
powerful  
Sigil.

Therefore, I  
understand  
your  
feelings  
well...

I was a mere  
salaryman  
before I got  
tricked  
by my  
colleague  
and pulled  
into  
D-Game...

Note: That's about \$8.8 million USD.

I shall make use of them as much as possible.

DAWIN'S GAME  
ダウンスゲーム

game#36

18 hours  
since the  
Hunting  
Game  
began...

Damn,  
the sun's  
setting...

It'll be  
hard to  
move  
around  
when it's  
dark...

Ahh...!  
The water  
I finally  
prepared  
ran out...

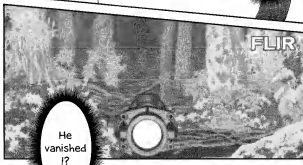

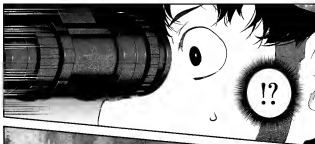

I'm  
just here  
searching  
for water!  
Isn't this a  
Dowsing  
Game  
instead?

What  
the hell  
do you  
mean by  
"Hunting  
Game"?

Haven't you looked around for any?

For a mountain forest of this size of course there's plenty of spring water to be found.

So... so there's spring water around here!!?

If you want to drink, drink to your heart's content.

since there's an endless spring a little further off.

Y-You saw that!?

Oh, were you the guy who was chased away by the religious cult at the Southern Supply Point?

.....

Well no, I...

I've only been thinking about the goods I couldn't get at the Supply Point, so it never crossed my mind to look for spring water...

If you...  
fired that  
gun, you  
would've  
definitely  
been  
killed by  
Seigen.

See,  
I was  
right.

That isn't  
something  
just  
anyone  
can do.

You...  
made the  
best call  
in that  
moment.

It was  
the right  
choice not  
recklessly  
firing the  
gun when  
your mind  
blanked  
out.

Well,  
this isn't  
much,  
but eat.

It's your  
reward for  
being my  
decoy.

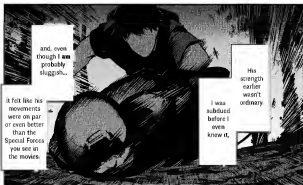

What a  
weirdo...

What's up  
with this  
guy? He's  
praising  
me for  
running  
away...?

He  
doesn't  
seem much  
older than  
me, but...

Who is  
this guy  
in the  
first place?

and, even  
though I am  
probably  
sluggish...

It felt like his  
movements  
were on par  
or even better  
than the  
Special Forces  
you see in  
the movies.

His  
strength  
earlier  
wasn't  
ordinary.

I was  
subdued  
before I  
even  
knew it.

Hey hey,  
I'm not  
like that.

I'm still  
a high  
schooler.  
For now.

I haven't been  
standing since  
at all today,  
though...

Could  
you be  
from the  
Army...?

Hey... My  
name's  
Ouji...  
Ouji  
Kimihiko,  
but...

Who are  
you?

He single-handedly won the Shibuya Treasure Hunt Event.

Sudou Kaname of the Sunset Ravens...

This man... must be the real thing...

But, how could such a powerful guy would be idling around like this...

formed the Sunset Ravens.

gathered extraordinary friends including the brilliant, beautiful A-Ranker girl Shoko-chan,

I can't believe I'd suddenly meet him in a place like this...

memorably slaughtered the entirety of the Eighth, who ruled Shibuya,

and he's the biggest of the big-shots, the one who announced a 0-Come ban...

Shinjuku Ward  
Danjou Boxing Club

It...

Well then,  
take a  
deep  
breath...

Note: "Stamp of approval" literally translates to "drawn on". Kaede says "drawn" as 描く (Eku).

there's no doubt that the insurer Kaneshiro is one of the participants.

In the event this time... the Hunting Game.

It was worth taking the risk to infiltrate with Shimming-san.

Well... Like Rain's intel reported, they managed to acquire quite a bit of support.

And yeah, of course, our boss survived, so there's no need to worry about him.

On the participant's list we saw at Trinity, there was Seigen, another A-Rank player.

What's up with that weirdo of yours??

There's no way Kaname would die!

Well duh!

I thought they'd be setting something up because they've been quiet lately, but...

Today, Trinity had huge success with their bets on the Hunting Game.

We got free entry without really saying anything.

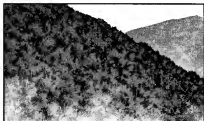

Ahh... I'm dying—

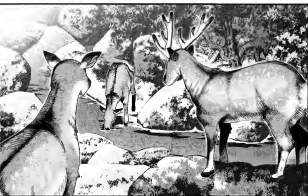

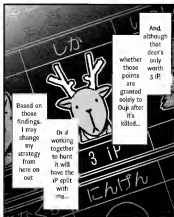

Wow ...

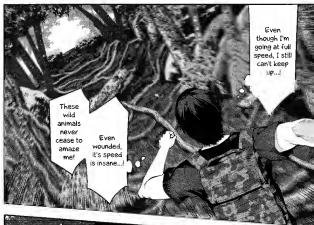

And  
off such  
a steep  
cliff!/?

EHH!/?

You're  
already  
that  
far!/?

Even though I'm going at full speed, I still can't keep up...

These wild animals never cease to amaze me!

Even wounded, it's speed is insane...

There's really no way I could earn 10,000 iP at this pace

At this rate, even hunting one will be a pain in the ass!

Found you...

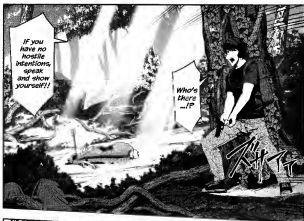

the boss of this island, the big game that's worth 10,000 iP?

BOSS  
10000 iP

So in the end, there's no choice but to kill...

*Why is  
the Moyai  
Statue in  
front of  
Shibuya  
Station  
on this  
island...!?*

Why is  
it... on this  
island...!?

Hey,  
what the,  
this is  
a joke,  
right  
...!?
